Cancellation Policy:

Due to a high volume in date requests, cancellations are only available up to 30 days before the event date. After 30 days we can try to re-book the date with another client, but if unable you are responsible for the full contracted amount. We understand that schedule problems do arise and we can allow the contract date to be transferred to another time within a reasonable timeframe. This situation is at the schedule availability and discretion of Sno-To-Go.

All events are subject to weather and road conditions. We do our absolute best to work in and around the Texas weather. Since we are mobile, road conditions could be a factor and are out of our control. Cold temperatures or severe rain could cause a delay or cancel in service. While this is a very, very rare occurrence, if we do have to delay or cancel service, you will be notified as soon as possible at the contact number given.
